

Food & Drinks Packages

Keep it simple. Choose 1 of our popular packages...

Our weddings offer huge flexibility in terms of choice and budget for food & drinks.

Either choose from our various options yourself (minimum requirement for every wedding is the Gourmet BBQ & an alcoholic drinks package for every guest), or simply choose from 1 of our 3 suggested food & drinks packages...

Please note: We cannot fix food & drink prices at the time of booking unless 1 of our 3 packages is chosen/provided on the day. This is a good option for those wanting to fix their budget!
